Dear Ms. Kelly:

This is in reponse to your letter dated May 30, 2006. We will be filing an amended report tommorrow for this report. This letter addresses the issue of excessive contributions by individuals for a particular cycle. We reviewed our records and found your conclusions to be correct. Then we sent a letter to each of the contributors requesting that they allow us to redesignate the funds from the primary election to the general election. A sample of the letter sent to all of these individuals follows this letter.

If you require any additional information, please feel free to call my assistant Joseph A Altomare at (215) 496-9339 X153 or myself at (215) 496-9339 X155.

Sincerely,
